LIVE TATE OF THE

During the past five years the public have carefully observed the wonderful cures accomplished from the use of VEGETINE. From its use many an afflicted sufferer has been restored to perfect health, after having expended a small fortune in procuring medical slivice and obtaining poisonous mineral medicines.

Its medical properties are Alterative, Tonic, Solvent and Diugelie. There is no disease of the human system for which the VEGETINE cannot be used with perfect safety, as it does not contain any metallic or pulsonous compound. It is composed exclanively of barks, roots and herbs, it is very pleasant to take; every child likes it. It is safe and reliable, as the following evidence will show: lowing evidence will show: Valuable Evidence. The following unsolicited testimonial from Rev. O. T. Walker, D.
